Berserk, Chapter 5 : Volume 5 Berserk, Chapter 4 : Volume 4 Berserk, Chapter 3 : Volume 3 Berserk, Chapter 2 : Volume 2 Berserk, Chapter 1 Berserk Anime Synopsis: Now branded for death and destined to be hunted by demons until the day he dies, Guts embarks on a journey to defy such a gruesome fate, as waves of beasts relentlessly pursue him.Steeling his resolve, he takes up the monstrous blade Dragonslayer and vows to exact vengeance on the one responsible, hunting down the very man he once looked up to and considered a friend.Along the way, he encounters some unlikely allies, such as a small elf named Puck, and Isidro, a young thief looking to learn swordsmanship from the former mercenary. Very low character playability experience, Uninteresting level design, this game could be good, but it doesn’t. And I know this is under a review for Berserk and the Band of the Hawk, and I’ll just say It’s a pretty fun button mashing game mainly only enjoyable for Berserk fans, It’s just Dynasty Warriors with Berserk slapped over but It’s still a great game nonetheless. Also, this game may be very bloody, and the story of this game is also very dark and full of tragedy. However, this game sucked. Kentaro Miura created my favorite manga of all time, Berserk. The subsequent story has a very poor experience in the game. As the ragtag group slowly comes together after having decided to join Guts in his quest, they will face incredible danger unlike anything they have ever experienced before. I hate having to utter he is no longer with us as of May 6, 2021, It’s actually stupid we lost a God among humans. It’ll never get an ending yet It’ll be known forever as one of the greatest pieces of media ever created. BERSERK, I love it since I knew about this series through this game and got to know it. About The Game Behold the fierce blend of “Warriors” and “Berserk”! The action of cutting through hundreds of enemies, fundamental to the Warriors series, is fused together with the dark and gruesome atmosphere of the world of “Berserk”, making various heretofore unseen acts possible, such as using a giant man-sized sword to cut enemies in half, as well as smash or send them flying with the “Slash” and “Smash” actions. Furthermore, the same familiar cast of Japanese voice actors from the movie trilogy and the new animation series were invited to take part. Please read Berserk, you won’t regret it. Characters: In addition to the main hero, Guts, there are a number of characters you can choose to play.
